### 1. Swachhta Abhiyan - 2019

On 25/9/2019 there was heavy rain in Pune due to which there was a flood situation everywhere. Due to the flooding of the Ambil Odha, water entered the parts of Sahakar Nagar, Parvati. Pune Vidyarthi Griha's College of Science premises in this area also had a lot of water. Therefore Shatayu Bhavan, G. K. Pate Management College, Mukhtangan English Medium School, Canteen and Science College had large amounts of water accumulated on the ground floor.

Computers, cupboards, and important files were extensively damaged due to massive water accumulation in the ground floor of our science college. All materials in the principal cabin and office were damaged. On 26/9/2019, when all the employees were coming to work, when they came to know about this, a message was sent on the WhatsApp group of the college and a holiday was announced for all.

Even after the water level receded, there was a lot of silt. Even when the college was on vacation, some teachers and non-teaching staff came to the college and under guidance of Principal sir helped in removing the sludge. They also helped to wash, wipe, dry and put all the materials in their proper place, and thus the situation was once again brought back to normal.
