This is in reference to have the MoU signed between both our parties (Magicbus India Foundation & Pune Velupillai Prithvi College Of Science)

Greetings from **Magic Bus India Foundation!**

We are the magic Bus was founded in 1999 by Mathew Specie on the principle that sports had the power to transform lives. What began as an afternoon rugby game with local youth quickly developed into weekly training sessions run by Mathew. Over the next 10 years, our Sports for Development programs gained significant traction and impact in Maharashtra and Andhra Pradesh. In 2009, we expanded our programs across 15 states to deliver life skills through activity-based curriculum in schools, fostering a supportive ecosystem in communities across India. By 2019, the Magic Bus Childhood to Livelihood program had served over 1 million youths in India's poorest communities, providing them with resources to become first-generation wage earners. We continue to build on our program's impact with a steadfast commitment to enable youth aged 12-18 to complete secondary education and young adults aged 18-25 to attain.

We have set up 240 Community Learning Centers and are present in 2342 School.  
We have set up 80 Livelihood Centre's and 8 Entrepreneurship Incubation Centers

**Our Livelihood Program :** In our Livelihood program enhance employability by imparting employability skills and connecting young people to sustainable livelihood opportunities through sector specific training, job placements and post- placement support.

**Entrepreneurship Development Program :** Our entrepreneurship development program assists and mentors budding young entrepreneurs from underserved communities. 70 successful entrepreneurs from 3 regions have been supported through this program.

Magic Bus India Foundation with Bajaj has initiated **"Connect with Work- CWW"**. The program basically caters to students within the age group 18-25 years. It aims to identify, enroll, and train fresh graduates by delivering training sessions on employability skills and providing placements. This entire **Training and placement program will be free of cost and will be held in your college campus.**

Subject: Gratitude for the Successful Placement Drive on 14th July 2023 at PVG College of Science and Commerce,Pune

Dear Rajashri,

I hope this email finds you in good health and high spirits. I am writing to express my sincere gratitude for the invaluable support and collaboration provided by the Magic Bus Foundation in organizing the placement drive at PVG College of Science and Commerce on 14th July 2023.

We are thrilled to acknowledge the tremendous effort put forth by the Magic Bus Foundation in bringing together 10 esteemed companies to our campus. The event proved to be a resounding success, offering our students an excellent opportunity to interact with industry professionals and explore career prospects.

02/10/24, 5:05 PM

The commitment and dedication displayed by your team in coordinating the logistics, managing the participating companies, and ensuring a smooth execution of the placement drive were truly commendable. Your professionalism and attention to detail were instrumental in creating an environment conducive to effective student-company interactions.

We received overwhelmingly positive feedback from both the participating companies and our students. The presence of reputable organizations in our college was an affirmation of the quality education we provide and a testament to the efforts we invest in shaping our students' future. We firmly believe that this collaboration has opened doors for our students and will contribute significantly to their professional growth.

We express our heartfelt appreciation to the Magic Bus Foundation for fostering this partnership and supporting our college's mission to empower students with the necessary skills and opportunities for a successful career. We recognize the impact that such initiatives have on shaping the lives of our students, and we are truly grateful for your continued support.

Once again, we extend our deepest gratitude to the Magic Bus Foundation for the successful placement drive at PVG College of Science and Commerce. We look forward to further collaborations in the future that will enhance the educational experiences and career prospects of our students.

Thank you for your unwavering support and belief in our institution's vision.

Warm regards,

Asst Prof Kalid Bose

### **Program Benefits:**

**Skill Development:** Students will acquire in-demand skills in cloud computing and AWS, enhancing their employability.

**Networking:** Participants will have the opportunity to connect with students from different institutions, fostering collaboration and knowledge sharing.

**Certification:** Upon successful completion, students will receive a certificate of participation, validating their skills in AWS from Magic Bus India Foundation.

### **Concerns:**

While we are enthusiastic about conducting the AWS Program at your college, we have a few concerns that we would like to discuss:

Please note that the proposed costs cover the expenses associated with conducting the program, including infrastructure overheads.

Now, moving on to my concerns that I would like to discuss with you:

**Resources and Infrastructure:** To ensure a seamless learning experience for the participating students, we need to assess the availability of necessary resources, including computer labs, internet connectivity, and AWS accounts. It would be greatly appreciated if you could provide information on the availability of space that can accommodate the batch size mentioned above and provide a conducive learning environment.

**Faculty Support:** As the program will require experienced faculty members to facilitate the sessions and guide the participants, our certified trainers will be available at the college premises for 4-6 hrs.

**Administrative Support:** Efficient coordination and administrative support will be vital to the success of the program. I would appreciate discussing the allocation of administrative resources and procedures for managing issues related to administrative tasks.

I believe that by addressing these concerns collaboratively, we can create a valuable learning opportunity for outsider students with the college students, while promoting academic collaboration and further enhancing the reputation of your esteemed institution.

We value your consideration of our proposal and would be more than willing to address any queries or concerns you may have. Our aim is to work together in fostering educational opportunities and empowering students in the field of cloud computing.

Thank you for your time and attention. We look forward to the possibility of collaborating with your esteemed college for the AWS Program.

### AWS College Program Proposal

I am writing to share a proposal regarding the AWS Program that we, as a non-profit organization, aim to conduct at your esteemed college premises. Before discussing the details, I would like to highlight our primary objective, which is to provide this program as a social cause rather than for any monetary benefits.

I have outlined the key details of the proposal below, including the per head costing for outsider students:

#### **Proposal Details:**

We propose to conduct the AWS Program at your targeting your college students and outside college students who are interested in learning about Amazon Web Services. The program will consist of monthly batches, with a total of 30-40 participants per batch. Total expected number of batches in F.Y will be around 5 and total tenure required for completing the batches will be 10 months (Each batch is for 90 days and 2 batches every month running simultaneously in two slots).

#### **Charges for Outsider Students:**

Since we are a non-profit organization, we aim to keep the charges for outsider students to a minimum. Therefore, we propose a per month INR 10,000/- for 2 simultaneously running batches, which includes the cost of Premises utilization, Electricity, and Wi-Fi.

Also, we will be providing ID Cards to all outside students.

Below is the training Schedule.

Batch No.	Batch Start Date	Batch End Date	Total Weeks	Slots	Trainer	Batch Size
1	17-07-23	15-10-23	12 Weeks	Morning	Trainer 1	30
2	10-08-23	08-11-23	12 Weeks	Evening	Trainer 1	30
3	25-09-23	24-12-23	12 Weeks	Morning	Trainer 1	30
4	14-10-23	12-01-24	12 Weeks	Evening	Trainer 1	30
5	27-12-23	26-03-24	12 Weeks	Morning	Trainer 1	30
<b>Total</b>						<b>150</b>

Apart from the outside college students, below Magic Bus India Foundation Staff will be co-ordinating through the entire training period. (Any changes in the below list, will update you accordingly).

Subject - Request to arrange a free cybersecurity workshop at PVG College of Science

Respected Principal Sir/Madam,

I hope you're well. I'm writing to suggest a two-day weekend cyber security program at PVG College, with the goal of increasing awareness and providing students with the skills they need to identify and prevent cyber risks.

The workshop will be held on Monday (12<sup>th</sup>) and Tuesday (13<sup>th</sup>) from 3 pm to 5 pm respectively.

This program aims to raise awareness about cyber security and equip students with the information to recognize and prevent potential thefts or frauds. In an increasingly digitalized environment, such abilities are essential for personal and professional security.

Workshop topics will include:

1. Fundamentals of Cyber Security
2. Common Cyber Threats and Attacks
3. Professional Cyberattacks
4. Practical Exercises and Case Studies

Benefits for PVG College: Provided students with real cyber security knowledge, improved the college's reputation for promoting student well-being and education outside the regular curriculum.

Logistics: The workshop will take place at your preferred venue. The sessions will be led by knowledgeable experts in the industry. We will simply need few PCs so that students may follow along with the practical.

I am convinced that this program will benefit PVG College students by preparing them to safely traverse the digital realm. We appreciate your consideration and look forward to the opportunity to work together on this important effort.

I appreciate your time and attention.

Sincerely,

Vansh Agrawal

Subject: Event Report - Cyber Security Workshop (February 2024)  
Dear Sir/Madam,

I am pleased to present the event report for the Office Cyber Security Workshop conducted by Mr. Vinodh Agrawal of Enggiantia, held on 12th and 13th February, 2024, at our institution U. Krush Mahiprisha as ODSC host, along with the entire ODSC PVGCOCS team, organised this event to provide students with a hands-on, introductory, and hands-on experience in cyber security.

**Event Overview:**

**Event Name:** Cyber Security Workshop  
**Date:** 12th and 13th February, 2024  
**Duration:** 2-5 per; both days  
**Venue:** Oshiva, at PVG's College of Science and Commerce  
**Organised by:** Group Developer Saikat Das, PVG's College of Science and Commerce

**Required Software:**

Kali Linux: Installed in VirtualBox  
Sniffnet: Malware creation tool  
Socialploit: Penetration tool

**Participation Details:**

Students were notified in advance to bring their laptops with the necessary software pre-installed. We had a total of 70 registered participants, all of whom completed the workshop procedures diligently.

**Future Plans:**

Based on the success of the event, the ODSC team aims to organise other well-paced learning opportunities in emerging technologies.

Thank you for your continued support,  
Sincerely,

PVU's College of Science & Commerce

TO,  
THE PRINCIPAL

SUBJECT: **Employability Skills training for Students from Your Institution**

DEAR SIR /MADAM,

**International Association for Human Values (IAHV)**, a Trust of **The Art of Living** was founded by H. **H. Sri Sri Ravi Shankar**. Spread over **156 countries**, IAHV focuses on empowering people and communities with inclusive and sustainable development interventions, fostering universal human values and resilience. IAHV's programs enhance clarity of mind, shift attitudes and behaviors, and develop leaders and communities that are resilient, responsible, and inspired.

As a continuance of our endeavor to achieve the above, we have designed a project '**IAHV LIFE SKILLS PROJECT**'. Wherein we choose students from your institution (with your help), train them in various soft skills so as to enhance their employability ,so that they get employed into various corporates. The goal of the project is to,

1. Ensure economically weaker sections get fair access to Training opportunities
2. Provide the necessary support system that young men &women need today to overcome the challenges

We sincerely believe that you will wholeheartedly join us in our efforts and provide us with the necessary support to achieve the goals.

We shall sign a formal MOU to that effect

**Yours Sincerely**

**Project coordinator Pune ,IAHV**

### REPORT ON TRAINING PROGRAM FOR PLACEMENTS

**Date** : 22<sup>th</sup> Feb to 3<sup>rd</sup> March 2023  
**Venue** : Classroom-II  
**Attended by** : TYBSC CS and SYMSC CS/CA students

The Eight days Training Program for Placements Program was held from 22<sup>th</sup> Feb to 3<sup>rd</sup> March 2023 at Classroom-II and was conducted by IAHV (International association of human values) Training Expert Neha Bhosale and Subject Expert Faculties for Technical Round Preparations. Nearly 67 students of TYBSC CS attended these classes.

The base line of these Training was to improve the communication skills and soft skills of the students and to extract their hidden talent of speaking by conducting extempore, group discussions and many more classroom activities. Communication skills like *listening, speaking, reading, and writing* were well trained by many lectures within Eight days.

We also specialize in campus to corporate programs for young professionals and offer training on topics such as communication skills, presentation skills, Customer service skills, telephone etiquette, Business English Communication, Effective writing skills, etc.

The training design and activities are customized to suit individual and group needs. The programs have helped many professionals and students to unlock their true potential to reach their desired goals. The session duration varies from an hour to a few days depending on the organization's requirements.

# The Problem

It's been months since the mandatory work-from-home policies were implemented due to the Covid-19 pandemic. This sudden switch to remote working is becoming more prominent across different verticals and has brought in changes to how the work is performed.

As employees no longer interact with clients, team members, and managers in person, they're now required to rely on their interpersonal skills, be more proactive and display a greater degree of empathy to increase levels of trust.

Team members are relying on various soft skills to virtually collaborate with each other in digitally-enabled work environments. From communicating with clarity to being a team player with active listening skills, from adapting to change and being flexible in the need of the hour to displaying creativity in solving problems, from demonstrating time management skills to leading teams with humility -- all of these need Soft skills!

# Testimonials

Neha has very high expertise to enhance People development skills like Communication & presentation skills. Her guidance can improve in many ways for those who are not able to not able to present and speak in public and have very very low confidence .

I am General Manager in Top 5 in the World manufacturing MNC & to be very frank I was not able to speak in front of anyone & not able to present as well however with her guidance I am able to present now in front of my business leaders locally & globally with appropriate words. I started feeling confident.

I am from a village & studied thru-out in Hindi medium but reached till this position by my hard work but to go further proper communication & presentation skill is must requirement.

I really appreciate Neha's hard work & knowledge. She is also part of my career growth.

Thanks & all the best to Neha for her career in these areas.

A guest lecture was organized by PVG college pune for all students of computer science. The lecture was delivered by one of the prominent entity Sir Sudhir Deshpande. The topic was about Marathi Bhasha Gaurav Din. Sir firstly told that this day is celebrated to honour the birth anniversary of famous marathi poet Vishnu Vaman Shirwadkar also known as Kusumagraj.

Secondly Sir also introduced us with the Marathi Abhimaan Geet written by Suresh Bhatt. The song was very inspiring and also conveyed us the deep respect for the Marathi language. Besides among the 5550 languages in the world marathi language lies at the 15th position. Besides marathi language has made a huge contribution in every field of our country like for example marathi language contributed in Greeting In Our Universe among 51 different languages. Also Sir explained how marathi language contributed in other fields by giving us examples that were really very interesting.

Lastly, Sir told us that no doubt we should learn many languages in our life but we should also remember our own language and respect it till the end.

I would thank Sir for imparting me with this. It was really a very inspiring session and I learned a lot from it.

Respected Sir,

On behalf of Pune Vidyarthi Griha's College of Science, Pune 9, I would like to express our sincere thanks for your valuable presence and guidance to the students on the auspicious occasion of "Marathi Bhasha Gaurav Din" on 27/02/2021 between 10 a.m. and 11 a.m.

The way you addressed our teachers and students was really thought provoking. In spite of being Marathi bhashik, we were not aware of few interesting facts about Marathi language. I really appreciate your efforts in making us aware of these facts in an interesting way.

We would be fortunate for your association in future.

नामस्कार मित्र मैत्रिणोः । ~~अप्युक्तं अप्युक्तं~~ आज आपण 'मराठी भाषा गौरव दिन' साजरा करण्यासाठी जमलो आलो. पण मराठी भाषा का काय आहे ?

२२ मराठी भाषा आपली भाषा आहे. आपली मातृभाषा. कारण ती जन्मापासून आपल्याला साथ देते आणि पल्ल्यांदा आपण ती उच्चारतो म्हणून.

पण जसजसे आपण मोठे होतो, शिक्षण होतो, नोकरी व्यवसाय करतो, तेव्हा असा अनुभव येतो की ती सर्वोत्तम व्यवहारभाषा नाही होऊ शकते. कारण ती वैश्विक भाषा नही. त्यामुळे व्यवसाय प्रसंगामुळे अशी कधी भाषा वापरवी लागते. उदा. इंग्रजी - शिक्षण / अमेरिकी / वैद्यकीय

शेती

पण इथेही संभत आहे. चीन, कोरिया, France या देशांमध्ये कुठील इंग्रजी सांभाळत नाही. कारण तेथे त्यांनी आपल्या देशातील प्रत्येक गोष्ट आपल्या भाषेत आणली. त्यामुळे त्याला अस्मित्वासाठी आणि प्रतिष्ठेसाठी मराठीचा अण्डा पार निर्यात माल्यावरून पासून मुरुच आहे. तेव्हा तो संदर्भ होता संस्कृतशी, देवभाषेची. (धर्मसंस्थे अधिष्ठान-राजसरा) आज तोच संदर्भ आहे मोठ्या भाषेची - इंग्रजीची, एवढाच काय तो फरक.

ज्या भाषेच्या पाठीशी मनेचे ठक, ती भाषा व्यवसाय बळकट, सत्याच पूर्वीपार आहे. आज इंग्रजी ही जगातील एक प्रमुख ज्ञानभाषा बनलेली आहे. अर्थसत्तेचा वंकीर ठेवू लागल्याने इंग्रजीचे अधिकारण स्वयं सजवून, त्यामुळे तिचा परीक्ष विस्तारधाय. इंग्रजीच्या याच संभावनेचे आक्रमण मराठीवर होत असल्याची हाकाठी गिदली जावीये. मराठीच्या सधमीकरणसाठी अणुमरही प्रयत्न न करणारी निष्क्रियता बधता संतांच्या प्रयत्नांपासून आपण कणभरही काही विकलेलो नाही. संत ज्ञानेश्वर, नामदेव, एवढाच इती संस्कृतवधील ज्ञान तितक्याच समर्थपणे व्यक्त करण्याचे सामर्थ्य मराठी भाषेत आहे, हे सोदाहरण कु पटून दिले.

ज्ञानेश्वरी, अभुतानुभव

(थव्या अधिने मराठी ही ज्ञानभाषा बनण्यासाठी व्यक्तिगत, सामाजिक अथवा जासकीय पातळीवर आपण डोकसपणे नेटाने प्रयत्न केले पाहिजे.)

नमस्कार मित्र मैत्रिणींनो, आज आपण मराठी भाषा गौरव दिनाचं औचित्य साधून, आपापल्या छत्री राहून, पण एकत्र जमलो आहोत. प्रथमतः मी रेखा जोशी, आजचे आपले वक्तू मा. श्री सुधीर देडापांडे, आपल्या महाविद्यालयाचे प्राचार्य डॉ. गणेशकाड, शिक्षक व विद्यार्थी बंधु भगिनीचं मनःपूर्वक स्वागत करते.

महाराष्ट्र शासनाच्या आदेशाप्रमाणे आणि विद्यापीठाच्या परिपत्रकानुसार जरी आपण हा दिवस साजरा करत असू, तरी याची खरंच गरज आहे का ?

म्हणजे केला तर जाणवतं, ही अस्तित्वासाठी आणि प्रतिष्ठेसाठी मराठीच। शब्दा पार तिच्या बाल्यावस्थेपासून सुरुच आहे. तेव्हा तो संघर्ष होता- देवभाषा, ज्ञानभाषा संस्कृतशी. आज तोच संघर्ष आहे भाषेच्या भाषेची - इंग्रजीशी.

खरं तर मराठी भाषेला घोर संतपरंपरा लाभली आहे. संत ज्ञानेश्वर, नामदेव, तुकाराम, एकनाथ, जनाबाई उ. संतांपासून ही परंपरा साहित्यिक, लेखक, कवी यांच्या लेखणीतून झिरपली आहे. उदा. बालकवी, मर्दकर, बोसकर, संत, त्यातीलच ज्येष्ठ कवी

वि. वा. शिरवाडकर उर्फ कुसुमाग्रज यांनी महाराष्ट्राच्या सांस्कृतिक क्षेत्रामध्ये मोलाचे योगदान दिले असून, मराठी भाषा ही ज्ञानभाषा होण्यासाठी उत्तम परिश्रम घेतले आहेत. आपल्या मातृभाषेचा गौरव म्हणून ज्येष्ठ यांचा जन्मदिन 'मराठी भाषा गौरव दिन' म्हणून २०१३ पासून साजरा करण्यात येतो.

याच निमित्ताने आज आपण इथे आशा व्यक्तिला. पचारण केले आहे, ज्यांचं मराठी भाषेवर निरतिशय प्रेम आहे, मी त्यांचा थोडक्यात परिचय करून देते.

A guest lecture was organised by PVG COLLEGE on 8th March 2021 on the occasion of International Women's Day.

The lecture was delivered by one of the prominent entity Dr. Madhura Deshpande

Ma'am firstly told us about the history behind why we celebrate international women's Day. Ma'am explained how every woman whether she is someone's wife, daughter, sister or an aunt is very special in everyone's life. Women has not only struggled in the early days to get her rights but today as we all can see she has made a great progress in every field of our country. Today's women's are respected by everyone in our society but on the other hand one can see that still women's are struggling for their freedom in our rural areas.

Ma'am shared the information about every women which was first to do a particular task as in Mary Kom who has won medals in boxing and Kalpana Chawla the first Indian women to reach in space.

At the end ma'am challenged everyone to fight from their physical as well as mental stress, as challenges will definitely lead to changes and changes are the key to success.

I was truly a session which opened my mind and made me to think about how I can overcome my difficulties.

Thank you ma'am

Thank you so much for arranging very Encouraging and Interesting session on the occasion of national woman's day.  
It definitely taught true meaning of feminism and how to be feminine and self worthy.  
For the first time I got to know history behind the celebration of women's day.  
I think this will add lot of inspiration to all the hardworking girls out there.

Respected Sir,

On behalf of Pune Vidyarthi Griha's College of Science, Pune 9, I would like to express our sincere thanks for your valuable presence and guidance to the students on the auspicious occasion of "International Women's Day" on 08/03/2021 between 9.30 a.m. and 10.30 a.m.

The way you addressed our teachers and students was really impressive. Right from the purpose & history behind celebrating this day, you also described the achievements of "Women Legends of India". That was truly inspiring & worth proud feeling.

We would be fortunate for your association in future.

A guest lecture was organised by PVG COLLEGE on 8th March 2021 on the occasion of International Women's Day.

The lecture was delivered by one of the prominent entity Dr. Madhura Deshpande

Ma'am firstly told us about the history behind why we celebrate international women's Day. Ma'am explained how every women whether she is someone's wife, daughter, sister or an aunt is very special in everyone's life. Women has not only struggled in the early days to get her rights but today as we all can see she has made a great progress in every field of our country. Today's women's are respected by everyone in our society but on the other hand one can see that still women's are struggling for their freedom in our rural areas.

Ma'am shared the information about every women which was first to do a particular task as in Mary Kom who has won medals in boxing and Kalpana Chawla the first Indian women to reach in space.

At the end ma'am challenged everyone to fight from their physical as well as mental stress, as challenges will definitely lead to changes and changes are the key to success.

I was truly a session which opened my mind and made me to think about how I can overcome my difficulties.  
Thank you ma'am.

Thank you so much for arranging very Encouraging and Interesting session on the occasion of national woman's day.  
It definitely taught true meaning of feminism and how to be feminine and self worthy.  
For the first time I got to know history behind the celebration of women's day.  
I think this will add lot of inspiration to all the hardworking girls out there.

Hi Rajesh,

This is with reference to our today's hangouts discussion.

Being one of our prestigious alumnus, and being an active member of the "Alumni Association of Pune Vidyarthi Griha's College of Science", I would like you to address our fresh First year students of M.Sc. (Computer Science) and M.Sc. (Computer Applications) .

Last Week, these students had a guidance lecture on "How to make yourself placeable / Industry ready?" by Mr. Jeetendra Bhattad. So, in continuation with this topic, I would like you to make them aware of "What's there in IT & What's new in IT? ", since these students are on the verge of entering the IT field and preparing for the same.

I am sure our students will definitely get benefitted by your valuable guidance.

As discussed, I will schedule your online guidance lecture on Tuesday, 19/01/2021 at 3.00 pm. I will share the Goog Meet link with you 10 minutes before the scheduled time.

to me

1. Lecture was really helpful for us in many ways.
2. The things he told us about programming approach and technical things are really going to help us in coming future.

Ma'am, arrange this type of guest lecture in future also.

And Ma'am Is it possible to arrange lecture on how to build a good resume? And about soft skills, interview preparation?

This type of lectures will definitely help us for getting a good job. And will also help at the time of interview.

A guest lecture was organised by PVG College for MSC COMPUTER SCIENCE students. It was delivered by our college alumni Mr .Rajesh Darak .The topic discussed in the lecture was about What's in IT and what's new in IT.

Sir firstly emphasized on our projects that we created at graduation level in our academics and added that projects are important in IT field as they also add to our resume.Further they discussed about what's in IT? People working in IT filed has various options to do such as data scientist,app developer,system analysis,network engineer and so on. Sir explained some of the above roles by taking an example that have we ever thought about iOS and Android applications that can be deployed on same platform?

Hi Rajesh,

On behalf of P.V.G's College of Science, Pune, I would like to express my gratitude for your valuable guidance to our First Year M.Sc. (Computer Science) and M.Sc. (Computer Applications) students, on 20th January 2021 from 2.00 pm to 3.30 pm.

Being one of our sincere & brilliant alumna and a successful IT professional, you could easily step into their shoes and convince them of the magic and power of new trends in the IT field through the topic "What's in IT? What's new in IT?"

I'm happy to say that the students really liked the way you simplified things, viz. programming is nothing but converting business logic to syntax and trying to map real life scenarios while solving problems through programming.

It is evident from feedback of students that they liked your lecture.

Thanks for the time spent interacting with our students and hope to have such association in future also.

Thanks & Regards

Thank you mam for the opportunity.

It is not only me but eventually everyone was responsive which made the session successful. I'm glad that students were/are happy and hopefully I was able to encourage them enough. IT was such an interesting session, from my point of view as well.

It's no brainer for me to accept such opportunities in future as well :)

Regards,  
Rajesh.

Hi Rishikesh,

This is with reference to our telephonic discussion.

Being one of our prestigious alumnus, and being an active member of the "Alumni Association of Pune Vidyarthi Griha's College of Science", I would like you to address our fresh First year students of M.Sc. (Computer Science) and M.Sc. (Computer Applications) .

These students had three guidance lectures in the last two weeks, first one on "How to make yourself placeable / Industry ready?" by Mr. Jeetendra Bhattad, second one on "What's there in IT & What's new in IT? " by Mr. Rajesh Darak and the third one on "Cloud Computing & Web Services" by Mr. Sumedh Ambapkar. From these lectures, students are curious to hear about "Aspects of Software Development, various career paths and how to map all these in their college curriculum projects". So I would like you to guide the students along these lines. I am sure our students will definitely get benefitted by your valuable guidance.

As discussed, I will schedule your online guidance lecture on Friday, 05/02/2021 at 11.30 am.

I will share the Google Meet link with you 5 minutes before the scheduled time.

Thanks & Regards  
Rekha Joshi

A guest lecture was organised by PVG College for MSC computer science and computer applications students. The lecture was delivered by our college alumni Mr Rishikesh Deshmukh. The topic discussed was about "choosing our career path".  
Firstly sir explained the SDLC model that is software development life cycle model and all its phases that one could choose in industry for their career. Next with the help of prepared slides sir explained the importance of new technologies that can be helpful to all to get well placed in industry. Besides sir also guided us with the information of tools that one can learn if one is interested to do a career in development section or like testing and Devops section.  
Also the best thing was sir even guided that what position one could hold in next 5-10 years if placed in industry.  
I would like to thank sir for guiding us and showing us the right track to utilize our time as well. Thank you sir.

Hello Ma'am,  
Today's guidance lecture was really fantastic.

Before, attending his lecture, I know only limited opportunities in IT field but after lecture I realized that there are lots of opportunities in this field. Important thing about today's lecture was he told us about SDLC in detailed. i.e. its pre-requisites and how can we learn it.

And suppose if he/she don't have much interest in "deep programming" then which options should they choose as a Career. And also he told us about how we utilize this semester. And If we really utilize this semester to learn new technologies then it will definitely help us at the time of project and also for getting a good job. Seriously. One of the best lecture.

And Ma'am, Can you please share that pdf?

There is typically one question "what next " Once we start working in company or how should we do better in the future..sir gave detail Idea about it on professional front in the first part and also he guided us about how should we do projects...he explained every single step in detail in simpler terms which is very helpful. There are no doubt so far and we can work on new thoughts.

Hi Rishikesh,

On behalf of P.V.G's College of Science, Pune, I would like to express my gratitude for your valuable guidance to our First Year M.Sc. (Computer Science) and M.Sc. (Computer Applications) students, on 5th February 2021 from 11.30 am to 1.00 pm.

After thorough discussion of the topic, the one which you chose and explained, i.e. "Software Development Life Cycle & a role of an individual in it, how to identify it, how to pursue it" really proved very effective. You also mentioned about long term goal setting, and also narrowed it down to month-wise goal setting.

I'm happy to say that the students really liked your style of stepping into their shoes, and convincing them about doing projects, by selecting appropriate technology and how they could start taking efforts towards achieving it. All this is evident from feedback of students that they liked your lecture.

Hope to have such an association with you in the future too.

Hi Jeetendra,

This is in reference to our yesterday's telephonic discussion.

Tomorrow being 12/01/2021, on the occasion of Swami Vivekanand Jayanti, which is celebrated as Yuvak Din, I would like you to address our M.Sc. (Computer Science) and M.Sc. (Computer Applications) First year students.

I wish you to cover the following points:

- 1) How should they pursue their master's degree? ( emphasize on the difference between their lookout when they were doing BSc and what they should or should not do - theory / practical / project)
- 2) How they should prepare to get ready for Internship / employment?
- 3) What are the alternatives available in the market? (apart from development, if anyone is interested in testing / networking / databases / ....)

Apart from this, obviously you may include other points, which you think are necessary, as well.

Kindly confirm the timing. (7.30 / 8 am in the morning at your side is preferable, since here it will be 1.30 / 2 pm)

Thanks & Regards

To: Ritika Agarwal <ritikaagarwal1009@gmail.com>

On 12th January 2021 a guest lecture was arranged by PVI college for both msc computer science and msc Computer application students it was delivered by our college alumni MR Jeetendra Bhatnagar who is currently working in ABMLUK.  
The topic covered in the lecture was about "how to make ourselves placeable and industry ready".  
Sir firstly noted that every student must be well versed with their practical concepts. Doing practical on their own will help them to get placed in IT industry.  
I totally agree about this and I think that it will be very beneficial for every student and secondly the point mentioned was doing project in the academic year. I truly agree that project is also an important factor in our academics as it gives an idea for implementation in real world. Finally I agree that

Besides this one should also keep ourselves updated.  
Thank you sir for showing the right track to get placed and prepare ourselves industry ready.

Hi Jeetendra,

On behalf of P.V.G.'s College of Science, Pune, I would like to express my gratitude for your valuable guidance to our First Year M.Sc. (Computer Science) and M.Sc. (Computer Applications) students, on 12th January 2021 from 1:30 pm to 3:00 pm IST. (8:00 am to 9:30 am in the UK).

Being one of our bright, & brilliant alumnus, and a successful IT professional, you rightly pointed out the efforts these students must take in their academic tenure. The topic "How to make yourself placeable or industry ready" was chosen by students and I'm happy to say that the students really loved hearing your entire journey from B.Sc. (Computer Science) till date. It is clear from feedback of students that they would really like to get benefited from your guidance in future also.

We would be fortunate for your association in future.
