Suggestions:

Relevance of curriculum in your job:

Yes, the contents are bit relevant
with our job

RA/01/16

Need any change in curriculum and syllabi?

* It should be more of practical oriented. Because theoretical part won't be understood unless it is implemented practically or shown practically (for subjects like Networking)

Improvements in teaching and learning Process:

We students grasp things more quickly when there is visual representation of the topic. (e.g. PPTs)

What help did you get through your Project work and Industrial Training?

* We got every other support from our respective project guide.

Suggestions regarding opening of a new program:
